ISA HIT *LIQUID MILLIONAIRE* SMASHES AMAZON RATINGS WITH FIVE STAR SUCCESS

Liquid Millionaire, the much anticipated guide to ISA Trend Investing from millionaire stock market investor Stephen Sutherland, has smashed through the five star barrier on Amazon by scooping 15 five star ratings since its launch in March.

In *Liquid Millionaire* (£21.97, AuthorHouse), Sutherland, who is the UK's leading authority on ISA Trend Investing, describes how it is possible to make millions of pounds in tax-free income from an up and coming stock market boom and generate enough 'liquid' wealth to enable readers to retire rich. And depending on where the reader starts from, this could be achieved in as little as seven years.

Readers can't seem to get enough of *Liquid Millionaire*, which has been described by one as 'very appealing to anyone who doesn't want to become a stock market fanatic, but recognises that it's wise to have an understanding of maximising our financial stability at least and financial freedom at best.'

Another fan of the book, John Clark from Southampton, said: 'It was 22 weeks ago when I invested following Stephen's lead and so far that investment is up 49% and I also placed a second purchase, again following Stephen's lead 18 weeks ago and this one has gained 13.75%, which means over a 22 week period, I've seen a tax-free gain of 31.54% on my original capital. That's quite outstanding considering that the stock market over that same period has hardly budged.'

Paul Faghy from Stafford echoed the cynical voice of many investors when he revealed that he always minimises any risk factor that eats into his time or money and *Liquid Millionaire* was no exception. 'But when big hitters such as Brian Tracy, Brad Sugars, Bob Bly and Greg Secker have happily provided their stamp of approval, I felt like I'd be missing out if I DIDN'T read it,' he confides.

Many know Sutherland as the man who turned \$31,409 into \$1.28 million over 38 months. Many of his clients who started with nothing now have six and seven figure accounts, including aspiring millionaires and multi-millionaires from varied backgrounds, as well as executives, CEO's, managing directors, business owners and property investors.

'*Liquid Millionaire* will give you information on how to capitalise big time using ISAs, SIPPs or a combination of both and that knowledge could help you make a tax-free fortune. It presents an investment method which could help you capitalise on a golden investment opportunity not seen in almost 30 years,' confides Sutherland.

After reading *Liquid Millionaire*, readers will be left with two options: either to take a 'DIY' approach, or 'Get Help' and with both routes, Sutherland shows the steps to take to maximise the probability of one's success.

Liquid Millionaire is available from Amazon.co.uk or order from the website ISACO.co.uk for an exclusive lifetime guarantee.
