# MILLIONAIRE INVESTOR CONTINUES TO MAKE PROFITS DESPITE DOWNTURN

A stock market professional who created a pioneering new way of investing using ISA's is helping many hundreds of people to make gains on the stock market despite a turbulent nine weeks.

Millionaire author and professional investor Stephen Sutherland is encouraging people to take control of their own future and their pension pot through his proven investment method that is delivering long-term annual returns of 15-20% or even more.

Sutherland, 41, says:

"Over 75% of the market is controlled by the big institutional investors and so the best strategy is to identify their movements and mirror them. With ISA Trend Investing you trade investment funds (not stocks) using an ISA, a SIPP or both, to achieve tax-free, index beating returns. And like the professional investors, you simply profit in up markets and protect in down markets."

Sutherland is a renowned stock market investor and first hit the headlines in 2003 when he made a gain of £107,543 and used the profits to buy his dad his dream car, a Bentley Continental.

Sutherland recently launched his much awaited second book *Liquid Millionaire* (£21.97 AuthorHouse) in which he shares with the reader how he turned \$31,409 into \$1.28 million in just 38 months.

And now on Sutherland's blog ([www.stephensutherland.com](http://www.stephensutherland.com)), visitors can read his secrets on how the stock market really works – and how people can personally profit from that knowledge.

"In the last six days, the market has rallied hard and there has been a big move to the upside. Prior to that, the market had been down for nine weeks. Despite the FTSE falling, we have actually seen rises in share value, demonstrating that there is underlying strength in the market if you know where to look for it", confides Sutherland.

Stephen Sutherland is the UK's leading authority on ISA Trend Investing. Through his company, ISACO, clients get to shadow invest him, therefore, making the same returns as him. Stephen's clients include the original pioneer of health clubs in the UK, a leading authority in cosmetic, implant and restorative dentistry, a professional rugby player, a hedge fund manager and two serial property investors, who at the last count owned 150 properties between them.
