LIQUID MILLIONAIRE AUTHOR SHARES SECRETS OF HIS SUCCESS WITH READERS AT WATERSTONES

Author and stock market professional Stephen Sutherland is delighted that major bookseller, Waterstones have agreed to stock his new book, *Liquid Millionaire*.

In his book, *Liquid Millionaire*, Sutherland details how he managed to turn \$31,409 into \$1.28 million over a period of 38 months and also shares with readers how they too can make millions on the stock market with a brand new method of investing he has pioneered; ISA Trend Investing.

"*Liquid Millionaire* shows you how it is possible to make millions from an up and coming stock market boom – guaranteeing financial security for your retirement," Sutherland confides. "And depending on where you are starting from – you could make it in less than 7 years."

Liquid Millionaire is already causing quite a stir on Amazon, gaining an amazing forty, 5 star reviews since its publication in March. The following review, posted by John Clark from Southampton, gives a clue as to why the book is proving so popular:

"22 weeks ago I invested following Stephen's lead and so far that investment is up 49%. That is quite astounding considering that the stock market over that same period has hardly budged."

Having a book published is not just a professional success for Sutherland but a personal one too, as he confides; "Because of my love of reading books, I have spent many hours browsing the shelves of Waterstones. So it is a dream come true to have Waterstones, The Trafford Centre, Manchester decide to stock *Liquid Millionaire*."

Liquid Millionaire is now available to order from all branches of Waterstones.
